

**"SWISS MADE" PURE SINEWAVE INVERTER / CHARGER / TRANSFER SWITCH
FOR HOME SYSTEMS**

01-Feb-08

Model: HPC-6000-48-70B Output: 6000VA Operating Voltage: 48Volt DC - Charger output: 70 Amps
Approximate Recharge Time : 8 HR

This System can backup:
Small house or Farm for basically all electrical commodities
with the exception of:
* Geysers
* Stoves
* Underfloor Heating
* Heavy duty electrical appliances

Model: HPC-6000-48-70C Output: 6000VA Operating Voltage: 48Volt DC - Charger output: 70 Amps
Approximate Recharge Time : 16 HR

This System can backup:
Small house or Farm for basically all electrical commodities
with the exception of:
* Geysers
* Stoves
* Underfloor Heating
* Heavy duty electrical appliances

Model: HPC-8000-48-90 A Output: 8000VA Operating Voltage: 48Volt DC - Charger output: 90 Amps
Approximate Recharge Time : 6 HR

This System can backup:
Small house or Farm for basically all electrical commodities
with the exception of:
* Geysers
* Stoves
* Underfloor Heating
* Heavy duty electrical appliances

Model: HPC-8000-48-90C Output: 8000VA Operating Voltage: 48Volt DC - Charger output: 90 Amps
Approximate Recharge Time : 24 HR

This System can backup:
Small house or Farm for basically all electrical commodities
with the exception of:
* Geysers
* Stoves
* Underfloor Heating
* Heavy duty electrical appliances

1. All systems have an automatic switchover facility so that they switch on when the power fails. When the power is restored, the unit automatically switches back to battery recharge mode and your appliances will run on mains again.
2. Other configurations are available!
3. Backup times can vary considerably due to the charge state of the battery, the age of the battery, temperature etc.
4. To Re-charge, costs +/- R 0.45/kWhR!

Accessories - Battery Stands & Battery Boxes

Model				L	W	H	Weight
4BS102	Battery Stand	Single	12v / 102 AH Batteries	380mm	356mm	980mm	21kg
8BS102	Battery Stand	Double	12v / 102 AH Batteries	756mm	356mm	980mm	32kg
C6	Battery Box	6 Way	Holding 6 x 12V / 102AH Batteries	620mm	450mm	600mm	16.8kg
C8	Battery Box	8 Way	Holding 8 x 12V / 102AH Batteries	790mm	450mm	600mm	28kg
C12	Battery Box	12 Way	Holding 12 x 12V / 102AH Batteries	790mm	450mm	900mm	48kg
C20	Battery Box	20Way	Holding 20 x 12V / 102AH Batteries	980mm	450mm	1180mm	60kg
